In this push button world of automation, it is easy to get caught up in the routine of everyday life. This is the generation growing up with the computer age. It already takes for granted the role that computers play in today's life . . . computers that slowly surround and dominate all to express emotions and frustrations.

Although it is convenient to obtain information, complete homework and plan strategy for this computerized world, long hours of practice, programming, studying and reading must be accomplished before students exert the knowledge to know how to touch the right button.

# College prep classes draw students toward a promising future

As each September brings a new scholastic year, many changes are made throughout our school. The changes made in the math department were few, but were definite improvements.

The calculus class, considered a college level course, has been expanding since it was dropped in 1980. It now includes students transported from other schools.

Also this year, was the addition of a new teacher, Mrs. Debbie Horne. She served the dual purpose of being both a math and a physical education instructor. Students have benefitted from her classes of pre-algebra and general math.

# Advanced classes educate future scientists

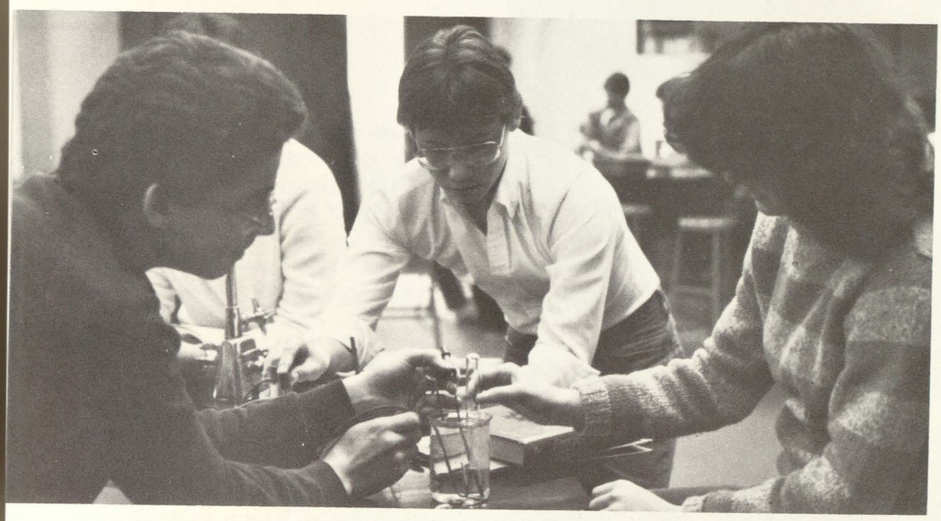

Photo by Laura Mueller

The science department has recently added a new college prep course to its curriculum, advanced placement biology, more commonly known as A.P. Biology II which was taught by Mr. Kim Kolbe and Mr. Rudy Emerick. The project has been deemed successful by many students presently enrolled, and Mr. Kolbe had predicted interest. Also added to the program was Physics II, taught by Mr. Bill Stocker, and Chemistry II, by Mr. Jim Benjamin.

With the addition of these classes, it is hoped that students will become more science oriented and therefore better prepared for the college level.

# Computer enhances business area

While the popularity of computers continues to grow, Eisenhower's business area has not been left out. Occupying space in Mrs. Bette Peterson's office in the business area was a Commodore 8000 computer. Along with a printer and a single disk drive, students learned how computers are made useful in the business world. Classes that used the computer were business machines, senior office practice, and typing II.

As students became involved with the computer, the traditional business classes continued to be strong. Beginners learned to type as advanced students worked on improving their skills. All sophomores took the required consumer education. Several other business classes were shorthand, bookkeeping, business communication, and retailing.

# Faculty change enhances home economics

Photo by Gina Bixler

A major change was found in the home economics department during the 1982-83 school year. Miss Carol Socha, who was in charge of this area last year, became the new career counselor. Mrs. Linda Slaggert and Mrs. Pat Seeley then assumed the responsibility of the classes.

Highlighting the year was the annual child development Christmas party. Each student was to bring a child to school where various activities were planned for the children. The thrill of the event came when Santa Claus, alias Mr. Allan Larsen, made an appearance. Another accomplishment of the child development classes was their visit to Saginaw General Hospital. There they learned about childbirth and parenting. Students were given a tour of the delivery room and viewed the newborn section.

Other home economics classes were also kept busy. The students engaged in cooking and sewing and learned about surviving in the real world alone.

# New teachers add cultural dimension to Honors Program

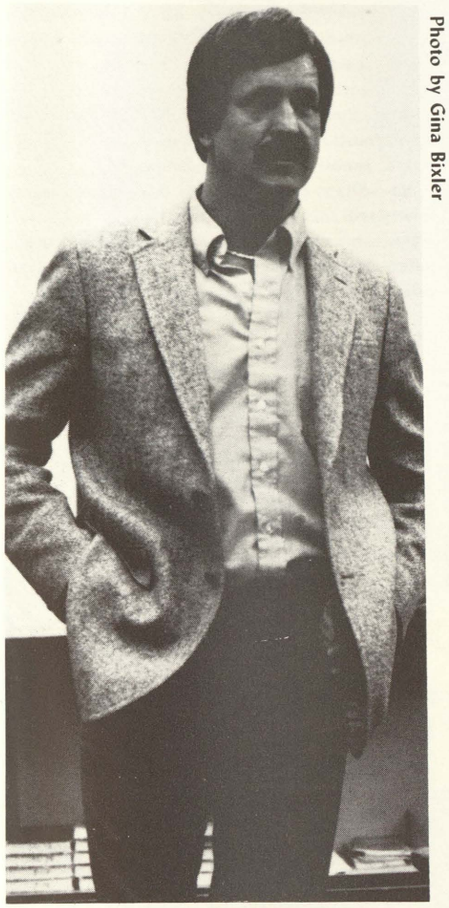

Photo by Gina Bixler

To satisfy requirements for graduation, several social studies classes were necessary for all students to take. For their first year at Eisenhower, freshmen took a semester of world cultures. U.S. history was required for all juniors. The seniors took U.S. government. Many students had these requirements taken care of in the honors program. Honors seminar, which is a two hour block combining social studies and English.

Although not required, other social studies classes were enjoyed by many students. Included among these were careers, law, Michigan history, economics, social psychology, applied psychology, and social problems.

Changes in staff members also affected this area. Eisenhower bid farewell to Mr. Thelvius Winieke and welcomed Mr. Max Zittel.

# Art exhibits display talents

Photo by Frank Lubis

Under the instruction of Mr. Walt Nagel, the art students experimented with different types of art work. These students worked on projects such as drawing, acrylic painting, silk screening, pottery, sculpting, and wood carving. To display these talents to the public, Mr. Nagel's students participated in an art exhibit along with the industrial arts classes. This was held in the Ottawa student center. A national scholastic student exhibit was also set up at Hampton Square Mall in Essexville.

# Parents relive high school days

## Different times and generations compared

Eisenhower parents were given the opportunity to experience what a school day is like for teenagers in 1983. On March 16, Eisenhower's Forum sponsored the first parent-student exchange day. This was a day in which parents were allowed to take the place of their son or daughter for the day in school. These parents were expected to go to their child's classes and do any work that was assigned to them, just as if they were regular students.

The students whose parents participated did different things on their day off. Some slept until noon, while others were out of bed early making breakfast and getting younger brothers and sisters ready for school. One student even took her mother's place at work for the morning.

Most of the parents found the day interesting, as they didn't know what to expect when the day began. They were also impressed by the good behavior of the students. The parents seemed to enjoy themselves as well as the students and faculty enjoyed having them for the day.

Under the supervision of ten year veteran, Mr. Russ Spaulding, the Pep Club accomplished its goals and contributed to the success of the athletic teams.

Spirit was promoted by "dress up" weeks, breakfasts for the various sports teams, class decorating competitions, and pep assemblies. Some of the more memorable assemblies were the "Kissing assembly", during which Andy Heney, Tim Fackler, Mike Nowasad, Ned Quinn, and Ed DeGroat were conned into kissing their mothers, and the MacArthur assembly where each class once again enjoyed the privilege of sitting in its class section.

Homecoming, Pep Club's biggest event, was billed as a success. The saturday morning before the dance was spent decorating the student center in preparation for the magical night ahead. The music was once again provided by Lightning. The club also organized the winter gala, Holiday, a dance which added to the Christmas spirit.

Pep Club was also given the responsibility of senior parent nights. These nights honored the parents of senior players on the sports teams. Additionally, Pep Club organized the Great American Smoke-out, worked with MacArthur on reviving their Pep Club, and sold sweatshirts, pompons, and license plates. Serving as officers were Margo Roselle, President; Colleen Fleschner, Vice-President; and Laura Mueller, Secretary-Treasurer.

Camping out in below freezing weather, the Outdoors Club witnessed nature at its coldest. Members of the club planned the camp out and proceeded to Pigeon River for a three day camping trip in January. Despite the coldness, the club enjoyed setting up camp, sledding, cross country skiing, and collecting wood.

During the month of May, the club made their annual bike trip to Omer, Michigan for three days.

Acting as President was Sonya Beardslee. Aiding her were Vice-President Shawn Arnshek, Secretary Amy Friesorger, and Treasurer Alison Frenzel. Mr. Rol Crane acted as advisor for the club.

Invited to La Senorita restaurant, the Spanish Club toured the kitchen and learned how to prepare Mexican foods.

Getting together with the German Club in November, the clubs journeyed on a canoe trip that took them from Grayling on the Ausable River.

During December, the Spanish Club and German Club went to Casa Del Ray for their Christmas party.

Fund raisers included selling posters, advent calendars, and sponsoring a bakesale.

The International Dinner was a potluck dinner held by the Spanish, Latin, German, and French Clubs. They featured a variety of ethnic foods.

In the spring, they attended the Foreign Language Day at Central Michigan University and performed in a skit and song competition.

Officers of the club were President Krista Hansen, Vice-President Pam Wisniewski, Secretary Lori Devereaux, and Treasurer Molly Myers. Advisor for the club was Mrs. Nancy Nelson.

German Club's many members participated in such events as Christmas caroling at the Maccabee Gardens nursing home, ice skating, and tobogganing. They have also held many money making events such as a "kaffee and kuchen", a brunch in which all of the foods eaten are of German origin. The club also sold posters and staged a car wash to make money. These events were held so the club members could participate in a Foreign Language Day at Central Michigan University and a Christmas party. Highlighting the club's activities was planning a trip to Europe. This trip was scheduled to take place during the summer of 1983. All of these activities were led by the club's officers. They were: President Alison Frenzel, Vice-President Hugh Watters, Secretary Sonya Beardslee, and Treasurer Jeff Stuber. Advisor for the group was Mrs. Daryl Reed.

Beginning the school year, Forum held their annual elections, covering the school with colorful signs. Forum members elected five students from each class and five teachers including representatives for the custodians and cooks.

Some of the activities that were the responsibility of Forum were Spook and Spirit Day; pumpkin weight guessing contest; pie-in-the-face, which allowed students to throw pies into the faces of Mr. Jim Rummler, Mr. Terry Boswell, and Mr. Mr. Tom Pugh; a blood drive competing with MacArthur; class council elections; a pizza auction; ana assembly against MacArthur; Commander and his Court; and sent out the school newsletter.

Many Forum members participated in the Project Outreach Project and in Exchange Days. With 10 workshops ranging from School Spirit to Smoking areas. Combined, two hundred students from Eisenhower and and MacArthur attended the project, held at MacArthur. During the Exchange Days, students from different schools exchange places for the day.

The function of the Forum was to create a better atmosphere and to promote school spirit. "We are trying to do our best to help the school and are open to help and suggestions", said third year advisor Jim Rummler.

Along with participating in school activities, Forum members visited the residents of Luther Manor and a community hospital, they helped raise money for UNICEF and participated in a Thanksgiving Day food drive.

Acting as President was Michelle Brasseur, Vice-President Erin Donahue, Secretary Sue Fontaine, Treasurer Stacy Stelter. Committee chairmen were: clubs and organization, Deanie Gagnon and Janet DeGroat; current affairs, Sally Priestley and Gretchen Gallagher; communications, Betsy Bowen; and for betterment, Roland Mendoza.

"Teacher's Prayer"

I want to teach my students how
To live this life on Earth,
To face it's struggles and it's strife
And to improve their worth.
Not just the lesson in a book
Or how the rivers flow,
But how to choose the proper path
Wherever they may go.
To understand eternal truth
And know the right from wrong.
And gather all the beauty of
A flower and a song.
For if I help the world to grow
In wisdom and in grace,
Then I shall feel that I have won
And I have filled my place.
And so I ask your guidance God
That I may do my part,
For character and confidence
And happiness of heart.

Mark time mark! This was the cry commonly heard as the marching Commanders made their way around the football field for yet another half time performance. Drum major, Andy Krieger, led this crew of sixty-eight members, including the two majorettes, Margo Roselle and Lisa Larsen, and the flag girls led by Manjit Gill. The band marched in fair weather and rain, because the show must go on...and go on it did. Soccer games and a lone J.V. football game were additions to this years band performance agenda. Wherever they went, the band was generously received as their innovative style shone at sporting events, as in the case of the annual Christmas Pride parade, down the streets of downtown Saginaw. They received a second place award for their performance at this event.

As Christmas rolled around, the marching Commanders were converted into the concert band. Tradition held true as the concert band performed at the Christmas and spring concerts.

Christmas was the time for the jazz band, along with the concert band, to debut. This debut came at the Christmas assembly.

Jazz band has participated in many festivals and competitions, including the Center of the Arts Festival at the Ruben Daniels Learning Center and a competion at Arthur Hill High School against Bridgeport, Arthur Hill, and the Saginaw Drum and Bugle Corps.

The bands were all under the direction of Mr. Mike Vierow with Lynn Sonsmith, a student teacher from Saginaw Valley State College, helping out with the marching band.

Harmonizing and synchronization put together reflected the melody sung by the choir. Thirty male and female voices represented talent found in the group. Auditions were held in the fall for prospective students of all grades. Practicing proved to be very tedious as more than half of the choir took the class independently. This different procedure came about at the beginning of the school year. Nevertheless, the singers still captivated audiences at their numerous presentations.

Performances of significance included a first-time Christmas assembly that displayed entertainment before the student body, an annual spring concert with MacArthur's choir, and a show at the State Capitol. Appearances were also made at the West Side Arts Festival, Fashion Square Mall, and Delta College.

Something noticeably different was the added feature of new uniforms provided by the Music Boosters. Green skirts were worn by the girls while green blazers and pants were worn by the guys.

Acknowledgement is worthy of director Mrs. Linda Schopp who replied, "The primary purpose of the choir is to perform," and that is something they do well.

The fine art of speaking was captured by this years debate team. Despite the loss of 10 year veteran Cindy Bomboske, the team was able to finish off the season with a 14-24 record.

With the combined efforts of teacher John Karam and former Eisenhower student teacher Carolyn Sienko, the team respectively pulled enough students together to attend 8 tournaments. Even with the lack of participation, the varsity team qualified for the Regional State Finals.

Experienced debators Gary Boss and Caroline Chick captured Speaker Awards throughout the season. Serving as captain of the team was senior Rob Earle.

Upholding a winning tradition can be a difficult task for any team to uphold, but it certainly wasn't a problem for the 1982-83 Forensics team. As this book goes to press, the team had planned on attending a total of 5 tournaments, but had only competed in 2. These tournaments included the Essexville Garber tournament and the Edsel Ford Tournament. The team finished fifth overall in the Garber tournament and received a fourth place finish in the Edsel Ford Tournament. Individual accomplishments went to Curt Harding, MaryLou Molesky, Jenny Bishop Fred Clarke, Emily Topp and Hugh Watters. The multiple "All Summer In a Day" placed second in the Garber Tournament and first in the Edsel Ford Tournament .

There are a total of 12 different events which one can participate in. They include: sales, dramtic interpretation, humerous, serious, duo, multiple, storytelling, oratory, radio, extemporaneous, and informative.

Under the supervision of coach Carolyn Sienko and teacher Ruth Ann Sowle, the team had yet to vie for a chance at the state tournament.

# The Word shines as a monthly publication

Working on a monthly basis, The Word staff produced eight informative issues of the school newspaper. Two co-editors supervised the staff with six page editors to assist them. Participation in this class included writing, layout and design, photography, interviews, and the selling of advertising.

Several times during the year, these students had an opportunity to interview celebrities. Staffers attended Town Hall lectures where they interviewed comedian Frederick Newman, dancer Ginger Rogers, and moviestar Joan Fontaine.

As part of the publications department, newspaper staff helped host the publications open house. Serving as adviser to the publication was ten year veteran advisor Elizabeth Spaulding.

Contributing to the world of computers, the 1982-83 Eisenhower publications department produced its first yearbook to be typeset via telecommunications through use of a microcomputer. Using a Xerox 820 Information Processor, Eisenhower was one of seven schools in the country chosen for this experimental project. The project was a cooperative effort by Inter Collegiate Press, Inc., printer of the yearbook, and DATA Basic, Inc., software coordinator for the project.

The computer was used to transmit copy, cutlines, and headlines to Shawnee Mission, Kansas, where it was printed out and sent back to Eisenhower. Students then proceeded to complete the pages with the traditional paste up method.

To educate the public about this new computer, the publications department held an open house on March 4. Invited to attend were relatives, friends, faculty members, yearbook and newspaper staffs from other schools, Saginaw News writers, Township Times writers, and members of the school board. The open house was smoothly planned by Miss Elizabeth Spaulding, yearbook advisor.

# Long hours prove dedication

Journalists are accustomed to hearing "you spelled my name wrong", "why is the book late?", "When are you going to write about things we want to read?", "Why does everything cost so much?" and rarely are they treated to compliments and praise. This comes with the job and with the territory of the Publications Department.

Some student journalists, however, go the extra mile and spend numerous hours of their high school life in the back room confines of the Publications Department, or the cramped corners of the darkroom. This special page is for them, it is the only pat on the back, they will receive for incredible dedication and many hours of work.

Demonstrating to the community what the Publications Department produces was the goal of an open house given on March 4th. Parents, teachers from Eisenhower, as well as other junior high and high schools, friens and nieghbors of staffers,and members of the board of education gathered in the combined rooms of the Publications Department to see displays of how the newspaper and yearbook are designed and layed out.

Over 200 guests attended the open house and were given a demonstration of the Xerox 820 computer program which the yearbook is involved. Jeff Roof, editor-in-chief of the yearbook, explained how copy is transmitted via tele-communications hook up to a terminal in Shawnee Mission, Kansas.

The 55 publications staffers and their adviser, Elizabeth Spaulding, served as host of the event and gave tours and offered explanations of the darkroom facilities, layout procedures and copy writing steps, and advertising techniques for producing Introspectus '84 and The Word.

A tradition was established which department staffers hope to continue in the future, making aware to the community the potential of journalism and its related fields.

National Honor Society progressed well under the leadership of Mrs. Susan Schulz and Mrs. Connie Douglass. Every year all juniors with a 3.5 or above grade point average are invited to a spring induction and are introduced into the club.

Officers for the club were as follows: Rodney Gates, President; Caroline Bermudez, Vice-President; and Eliot DeWit, Secretary-Treasurer. In all, the club consisted of 40 seniors. The next two months were spent on money raising projects which included selling furry stuffed animals and M&M's.

In January, the members elected applicants for the National Merit Scholarship. In result, Caroline Bermudez and Rodney Gates were chosen to send in their applications. The month of February was spent preparing for and taking part in an exchange day with MacArthur. On this day, the representatives from each honor group received a better understanding of how things are run in the two schools.

To finish off the year, the club held the spring induction for the senior class of 1984. Forty juniors were honored on April 27, 1983 with Dr. Gerald DeGrow, Superintendent of Saginaw Township Schools as the honored speaker.

Being initiated as "Pac Man's" people, the freshman class started the year with great potential. Selling candles and spices proved to be a successful money maker. This project earned them over 300 dollars to begin their treasury. Aiding President Ann Luplow were Vice-President Andrea Reis, Secretary Chris Miller, and Treasurer Jessica Frenzel. The advisor to the class of '86 was teacher, Mr. William Rozek.

Sophomore council members were involved by conducting a number of fund raising activities. Among these projects were selling mints, holding a bowl-a-thon, and operating a school concession stand.

By combining their efforts with the Junior class, a successful trip was taken to a Detroit Pistons basketball game in January.

Under the leadership of President Amy Meyers, Vice-President Laura Solterman, Secretary Shelley Heney, and Treasurer Janet DeGroat, the sophomore class proved to have an eventful year. Mr. Bill Seeley was the sophomore's advisor.

Dominating the student body at pep assemblies, the junior class proved to be a spirited group. The junior class (Fozzie's friends), got involved in a fund raiser for UNICEF during Spook and Spirit day, which included all of the classes in a competition to raise the most money. The juniors collected the largest amount of money and were awarded "most involved class". This involved dressing up in their favorite costume and decorating their part of the student center.

By organizing several fund raisers, the juniors were able to add to their treasury. They succeeded in selling Christmas wrapping paper and name tags.

High on the agenda for the class of '84 was junior/senior prom. Working with the sophomore class, they formed committees and set up the prom account. The theme for this years dance was "Just You and I".

Led by President Scott Monroe, Vice-President Crissy Douglas, Secretary Melinda Kocks, and Treasurer Mary Zibble, the junior class had a productive and successful year. The class advisors were Mrs. Lynda Slaggert and Mrs. Joan Fleener.

# Hard work pays off; Seniors provide color section

After three hardworking years the Senior Council finally got to sit back and enjoy being seniors. The offices elected were: Michelle Brasseur, president; Jim Alles, vice-president; Jill Jacobson, secretary; and Alison Frenzel, treasurer. Mr. Jim Rummler and Mr. Rick Decker served as advisors for the group for four years.

Mr. Rummler described the council's achievements saying "It's unbelievable what they've accomplished." The council began by paying for the color section in the yearbook and sponsered activities including a hayride, Christmas caroling, a ski trip, a sleighride, and the annual Cedar Point trip. For fund raising, the council worked in the school store.

Pride and spirit were evident during the week of October 11-15 as students prepared for Homecoming. To show their support for the Commanders, students dressed crazy each day of the week. Homecoming spirit week consisted of sweats day, hats shades and tie day, backwards day, dress up day, and green and white day.

Halftime festivities at the Friday night game included a performance by the marching band, a routine by the varsity, junior varsity, and freshman pom-pon squads combined, and announcement of the queen. The nine girls who were elected toHomecoming court by the junior and senior classes were escorted on to the feild by their fathers where Michelle Brasseur was crowned 1982 Homecoming Queen. Other members on the court were Margo Roselle, Erin Donahue, Kathy Paquette, Jill Jacobson, Michelle Keyser, Cindy Luplow, Deanie Gagnon, and Laura Mueller.

As the temperature dropped to the low 30's, the fans supported their team with warm enthusiasm. Despite all the support, the Varsity Football Team was beaten by John Glenn with the score of 28-6.

To conclude the festive week, the Homecoming dance was held on Saturday night in the Eisenhower student center. Pep Club members decorated the student center early Saturday morning to help make the atmosphere a more pleasant one.

# Students express views through Project Outreach

Photo by Gina Bixler

On November 17th at MacArthur High school, students from both Eisenhower and MacArthur were given the opportunity to express their opinions and concerns about the township schools and their system. The event, which provided student administration communication, was "Project Outreach".

The day began with two seminar sessions. Students were able to choose from ten school related topics and attend sessions with a speaker on the subject. The students were split into ten groups and had their own sessions in which no adults were present. From those sessions students posed questions fofr the afternoon panel discussion.

The panel consisted of the Saginaw Township Superintendant, the principals from both high school, a counselor, a teacher, a parent, and Gary Cass, the state coordinator of Project Outreach. Students had a two hour time period in which to address any panel member on an area of concern.

At the end of the day, students took a survey and rated all aspects of the school community.

# Joint effort makes South Pacific a success

Tryouts were held for the musical production, "South Pacific" on January 18th and 19th. Despite the difficult task of turning some people away, a cast was chosen to participate in the production. The cast was made up of students as well as faculty from both MacArthur and Eisenhower. Both principals from the rival high schools also combined efforts as the dynamic duo of Captain Brackett (played by Mr. Charles Marvin), and Commander Harbison (played by Mr. Gundars Strautniks).

"South Pacific" was the first production to combine efforts between MacArthur and Eisenhower, including faculty. It was a project that put rivalry aside and combined talents as to make the production an overwhelming success.

On March 22 and 23 two matinees were presented to Chippewa and Mackinaw Middle Schools. "South Pacific" was then presented to the public on 24, 25, and 26 under the combined direction of Miss Ruth Anne Sowle, drama, Mrs. Linda Schopp, vocal music, and Mr. Mike Vierow, instrumental.

# Practicality and comfort prevail in 1983 fashion

Photo by Laura Mueller

Photo by Laura Mueller

Active and practical best describe the fashion trends of the 1982-83 school year. America's physical fitness trend reflected in the fashion industry: sweatsuits and leotards flooded stores nation-wide. Warmups, available in a variety of materials, styles, and colors, were popular leisure wear. Leg warmers become trendy street and exercise accessories.

For both sexes, the practical "preppy" style was strong, with basics like crew-neck sweaters, oxford cloth shirts, wide whale corduroy pants, and topsiders. The classic raglan wool sweater, rugby jersys, and argyle prints were preppy revivals. In warm weather fashion the nautical influence brought cotton sweaters, cotton pants with elasticized waists, and stripes into fashion.

The distinctive new trend of the year was the tuxedo look. It borrowed classic fancy styles and created casual clothing. The new pinstripe jeans, a ruffled collar tuxedo shirt, and bowtie, accented with a cumberbund belt, became a popular female school outfit.

For the more daring dressers there were a variety of new fashion innovations. From the new wave and punk music trends evoked wild and bizzsarre styles. Designers used big shoulder pads, bold new lines, and bright colors. Miniskirts returned in soft jersey materials. Fashion for the 1982-83 school year will be remembered as personalized and comfortable.

# Varsity performs under lights

Scoring was the name of the game as the Varsity Soccer Team put a foot into thirty-four goals and posted a seasonal record of 13-3-2.

The team scored its way to three wins over Arthur Hill, Alpena, and Grand Blanc before taking a fall to Flint Carmin 0-2 in the fourth game of the season.Although defeat somewhat dampered spirits, the team was quick to bounce back with a 2-1 win over Flint Powers.

Next on the schedule was a new experience for the Eisenhower vs. MacArthur dual. Spirits were high and excitement built as the archrivals met face to face under the lights on the MacArthur football field. Fans cheered in anticipation to what resulted in a scoreless tie.

Shouts of victory were heard midway through the season as the team went on to score six consecutive wins. Another scoreless tie followed in the second match against defending Flint Carmin.

Next, Eisenhower lights served as it was time again for the rival meet. At the end of a defensive first half, neither team had scored. That soon changed as seven minutes into the second half Mike Parker caught MacArthur's goalie off guard and scored to put Ike in the lead. Midway through the second half, Brian Blecke scored again to give the team a safer margin. The game continued as time ticked by until a sudden outburst from Ike fans assured victory. Coach Bill Hartle expressed his feelings by describing the game as the highlight of the season. Among awards presented to the team were Most Valuable Player on offense to Brian Blecke and Most Valuable Player on defense to Cam McAuley. Roger Hildinger was awarded for his efforts as Most Improved Player and the Sportsmanship award went to Mike Parker. Ken Bublitz and Brian Blecke were also honored for their talents as they were named to the Second Team All-State.

# Underclassmen boost team success

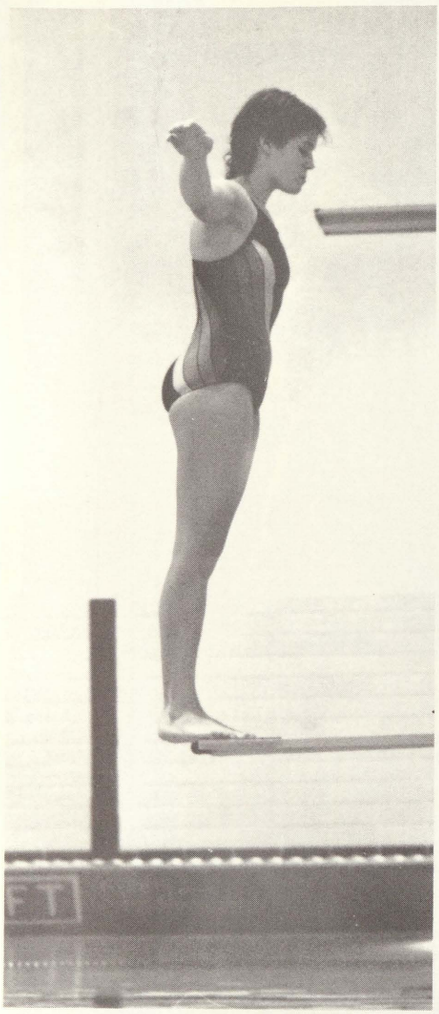

Photo by Laura Mueller

Based on the skills of underclassmen, the 1982 Girls' Swim Team accomplished a season record over .500. Laura Mueller and Crystal Lake, the two seniors on the team, assisted their younger counterparts with leadership, by serving as captains of the team.

Receiving the runner-up trophy in the Midland Relays was the major highlight of the swim season. This second place trophy was above the accomplishments of rival, MacArthur, at that same meet.

Although the team did not place in state competition, many team members qualified for the state meet. These included: seniors Laura Mueller and Crystal Lake, juniors Crissy Douglas and Beth Anderson, sophomores Denise Brown and Sonia Swartzendruber, and freshmen Jenny Larsen and Tammy Baxter.

Major achievements were made in diving competition by the trio of Crystal Lake, Sonia Swartzendruber, and sophomore Lisa Friesorger. Sonia and Crystal qualified for the state meet in diving. Receiving The Saginaw Swimming Officials award for diving was Crystal Lake. She received this award for being the top diver in the area and was automatically named a member of the All-Area swim team.

Coach Rick Decker said of his team, "This was a very young team. They gained valuable experience!" Because of the job Coach Decker did with this young team, he was selected as Tri-Cities Coach of the Year by The Saginaw News.

The team, coached by Mr. Jim Benjamin, defeated Saginaw St. Stephens, who had a 36 match winning streak prior to the match.

Leading the team was senior Brad Phillion with an average round of 77, which was good enough to place him second on the Eisenhower list for all-time lowest average for a season. Among his achievements were medalist rounds at the Conference Meet, the Oscoda Invitational, and the Alma Invitational.

# Varsity cheerleaders jump to third in State

During the past summer the Varsity and Junior Varsity Cheerleaders attended camp at Lake Superior State College. The Varsity squad received one first and two seconds place honors, while the J.V. squad received one first and two seconds, during a nightly competition.

Both squads extended their spirit this year by cheering for soccer as well as football and basketball games.

On November 6th, the Freshman squad attended a competition at Central Michigan Unilversity and despite a good effort, did not qualify for finals.

On December 4th, the Varsity squad competed against 76 other Varsity teams at the Pontiac Silverdome. The girls finished in 2nd place in the Class "B" competition which enabled them to compete at half time of the Detroit Pistons game against the top two squads in each class. In this competition the squad members finished a 4th overall.

Coaching duties were again handled this year by Pat McCain with assistance from adviser Steveie Sargent.

The varsity awards consisted of one first and two second place honors in the nightly competition, outstanding kickline, second place in speedlearning, and a first place in orginality. The Junior Varsity Squad received a first in speedlearning, second for their kickline, and a first in orginality. Both varsity and freshmen squads attended a speedlearning clinic in Detroit. Varsity won first place for their light routine, outstanding kickline and a first in speedlearning. The freshmen earned a second place for speedlearning.

Fund raisers were a big part in this year's activities. The girls succeeded in selling suntan lotion, candy and jackets. The Varsity Squad put together a calendar, consisting of twele male students from Eisenhower.

A pom pon reunion was included in the activities for fall. Past members were invited to attend an open house and informal gathering, where scrapbooks were shown of recent years.

Sisters, and former Eisenhower Pom Pon members, Sue, class of 1979 and Anne Bovee, class of 1977 served as advisers to the squads.

Successfully defending its district crown and winning its White Pine Conference title were the main objectives of the boys' varsity basketball team, but a slow 0-5 start hampered its expectations.

Highlighting the season was an impressive comeback over Hemlock in which senior Mike Parker scored 28 points. While posting a 7-14 record, the Commanders were only outscored by 10 points through the course of the season. Close losses against rivals, Bridgeport, Mt. Pleasant, and MacArthur prevented them from improving on their fifth place in the conference.

On offense, senior Brad Phillion ended the season with a 16.3 point average, or 343 points for 21 games. Senior Jim Alles finished with a 15.5 point average on 326 points. In the playmaking category, Mike Parker ended with 101 assists for a 4.8 per game average. Phillion also added a 2.9 average for the season.

Defensively, the Commanders were led again by Alles, who had a 7.7 rebound average and Phillion, with an 8.5 average. Phillion climaxed his season with a 20 rebound effort in the district game against MacArthur. Senior Pat Vondette was credited 12 times with "taking the charge" during the season.

The varsity individual awards were announced by Coach Terry Boswell at the season ending banquet. Brad Phillion was named M.V.P. and to the All-Conference first team. Alles earned second team honors and Parker was awarded an honorable mention pick. The most improved player was Pat Vondette. Assisting Coach Boswell was Mr. Lou Dulac.

The J.V. Basketball teams main objective this year was to play good defense. It proved to be successful resulting in a winning season. The offensive qualities also came through for the team. Pete Vondette and Ross Leonard tallied up the most individual points. Shooting techniques improved from last year adding to the teams season. Working at Eisenhower's bingo on Monday night was a first for the team. The profit went toward a summer basketball program.

Highlighting the Freshman A team season was beating the rival MacArthur two times. During the seventeen game season, coach Jim Noble and his squad only lost three games. The team leader in scoring was Ross Biterling, who scored 265 points for an average of 16 points a game. The scoring was well balanced as three people had an average of 10 or more points per game. Brett Maddox had 14 points per game, while Lindsay Wright averaged 13. Another outstanding player was Tim Gilleylen who averaged 9 points per game.

The team also had a high scoring average. Brett Maddox had the single game scoring honors as he hit forr 31 points against a tough Chesaning team. The team ended the season on the right foot, as they won 5 out of the last 6 games that they played.

Having a good wrestling program at Eisenhower was the goal of the wrestling coach and team this year. With only three seniors on the team, the underclassmen have pulled through with a lot of hard work and practice. The three seniors also serve as team captains. Filling these positions are Kevin Brady, Gary Frederick, and Ron Scott. Kevin and Gary are both four year members of the wrestling team. They both qualified for Regionals. Gary won the honors of continuing at State. Randy Misekow was an asset to the heavyweight division. While Brad and Scott Balderstone contributed to the lightweight division. Voted most valuable player this year and last was Gary Frederick. This being his first year as the Ike wrestling coach, Gary Le'son, remarked, "The team has a good attitude and they're winners!"

# team imperfections

First year coach, Earl Bash, led the Boys' Swim Team to a disappointing 2-8-1 record. Although the team as a whole did not fare as well as was hoped, many outstanding individual accomplishments were made.

Senior Rusty Hill led the pack as he returned for the fourth year in a row to wear an Ike swimsuit. Rusty was versatile in every event, but the 100-yard butterfly was his specialty. By breaking his old record, Rusty left his mark in the pool area by creating a new varsity team record in the 100-yard butterfly. He was clocked in at 57.24 seconds to receive this honor. Rusty also gained a first place finish at Tri-City Championships in the 100-yard butterfly event. He rounded out his swimming career by qualifying for the following events in state competition: the 100-yard butterfly, the 200-yard individual medley, and the 200-yard medley relay, which he was a member of.

Another standout on the team was senior Todd Dulak. Todd was a dedicated member of the team as he swam four years for Ike. Todd qualified for the state meet in three events. They were the 100-yard breaststroke, the 100-yard freestyle, and he was a member of the 200-yard medley relay team. He placed fifth in the 100-yard breaststroke in state competition.

Senior Darren Owens contributed much to the team, including leadership. Along with Rusty Hill, Darren served as a co-captain. He also was a member of the state qualifying 200-yard medley relay team.

Providing the backstroke leg of the 200-yard medley relay was sophomore Roger Cantu. He swam the 100-yard backstroke, regularly. He earned a fourth place finish at Tri-City Championships for his fine backstroke performance.

Junior Dave Paquette gave a solo diving performance as he was Ike's only diver of the season. He gained a new varsity team record in diving by receiving 222.4 points and he qualified in diving competition at the state level. Dave could not only be seen diving off the board, but also off the starting blocks as he also swam many events for the team.

Although they did not qualify at the state level, junior Chris Shaw and sophomore Jim Dunbar served as alternates for the state meet. Jim improved all of his personal times during the season and Coach Bash says of him,"Jim is a very hard worker and has a good future on the team."

Adding depth to the team were: junior Mark Almond; sophomores Steve Brown, John Krieger, Mike Colby, and Pete deSibour; freshmen Mike Mueller, Chris Burt, Jon Turner, and Bob Ross; and senior Dave Little.

# Varsity volleyball rebuilds; while J.V. goes undefeated

Photo by Frank Lubis

The varsity volleyball team ended their regular seasosn with seven wins and nine loses. Second year coach, Barbara Yeo, felt that quickness and aggressiveness were two of the teams strongest points. Though their record didn't prove to be too promising , the team showed their ability by placing second in the Tri-City Invitational at Garber High School. This year's captains, as well as Seniors, were Michelle Brassuer, Cindy Luplow, and Kathy Paquette.

As for the junior varsity, their talent goes beyond their experience. For a young team, they posted a 16-0 record for first year coach, Lorrie Nordin. The highlight of the teams season was when they played MacArthur for the second time. They started out slow, but as the game got under way, they came from behind and won the White Pine Conference Championship. A fine season for the junior varsity volleyball team.

# Ike skiers compensate for lack of snow

Despite the lack of snow and disappointing record of the Girls' and Boys' Varsity Ski Teams, they came out with some dominating skiiers.

The Girls' Varsity Ski Team was led by senior Alison Frenzel who had placed first or second five times out of their eight meets and three out of their four divisional and regional meets. Leading for the boys was Randy Bruce who ended up with five first or second places for the season and placed all four times in the regional and at the divisional meets.

But the seniors weren't alone, junior Tammi Fickes followed closely with four first or second places out of the eight meets. She also placed three times out of the divisional and regional meets.

The boys' team effort placed them fifth in the divisionals and tenth at regionals. The girls also raced to place their team fifth in the divisional and placed eleventh at the regional meet.

For the eighth year, Dick Williams coached the team to take them through the season. With the lack of snow in the area, practices were still held at nearby Bintz's Apple Mt. and meets were held at Mt. Holly as they have been for years.

Left: Skating towards their destination , Ike attempts to steal the puck from a strong opposing team. Right: Anticipation builds tension as facing off begins the game.

Deceiving their opponents with their smaller than average size, the Eisenhower hockey team proved themselves strong and fast by going far into the season. The ice Commanders slid their way to the top by becoming runner up in their region for Class B. Capturing this title came with hard work and practice. The nineteen devoted players faced the crack of dawn three times a week having practice at five and six a.m.

The highlight of the season included a trip to Grand Rapids where the team played against West Catholic and Lowell. Beating both teams by a landslide proved the trip to be of even greater success. To expand their horizons this season, the team made informative programs and sold them to spectators.

Serving as a backbone for the skaters were the three seniors, Bob Cox, Mark Medina, and Ed DeGroat, with Mark being voted the most valuable player. Goalie Scott Monroe was voted the most improved. The team was coached by David Michelson with help of the assistant coaches, Tom Cox and Jules Warba.
